

## **Georgia Soccer Internship Policy**

- Interns are paid a \$600 a month stipend for full-time work; if an alternate schedule is arranged, the stipend will be adjusted.
- Work schedules and the length of internship are somewhat flexible, but we reserve the right to not offer or to withdraw the internship if the hours or dates the intern is available cannot serve our needs. Interns will be expected to work up to 40 hours per week in addition to some weekends.
- Interns must serve their work function throughout our entire operation without the expectation of specializing in just one area of the organization. We will try to assist interns in meeting any specific academic requirements.
