

The following items have recently been released as upgrades to the ADG registration software system currently used by GA Soccer. Please review all and if you have any questions do not hesitate to contact the Member Administration staff or Kim Bowen, Director of Programs. Main office line is 770-452-0505, extensions 106, 117, and or 107.

Please share this information with your membership as warranted for your use of the system.

ADG continues to release improvements and make needed modifications to their software.

- A. [My Account](#)
Create order function added to the My Account page of users. This function can prevent returning parents from having to process an entire registration for the spring seasons. If migration is used and your teams are brought forward, in tact, with all players assigned and if your fees are properly defined and assigned, the parent would login, click my account, and click the create order button. The site will create the registration fee and then the edit payment button presents and the parents would be taken straight to the payment page. Complete and submit, spring registration taken care of. Any application can now be paid for from the My Account screen.
- B. [Email Communication](#)
Attachments can now be included with emails sent through the system
CC feature has been added to the email template
Due to high volume receipt of email from the system, many emails generated can sometimes end up in the recipients junk mail folder of their current provider. A message center has been created at the "My Account" page. Any user with login access to the system can click on message center and review / retrieve any email communication in the system that was sent to them.
- C. [REPORTING – A NEW REPORTING TOOL MODULE IS SET TO BE RELEASED IN NOVEMBER.](#)
- D. [Payment Plan Notifications](#)
Notification emails are sent 7 days prior to payment due date , Notification email sent when credit card is captured and processed, Payment Plan – immediate credit card processing based on due date and not accepted status of player
- E. [Tournament/Gaming](#)
Improved tournament publishing routine
Scorekeeper role added to security roles
Player Look-UP – email can now be sent from this area
- F. [Team Pages](#)
 - a. Show play age related to play level, not all, eliminates confusion
 - b. Two new activation rules added for team activation
 - 1. Need to check all age/legal
 - 2. Checks if player is too old or too young for team age group and configured play up rules
- G. [Look UP – Family](#)
Ability to look up by family across all leagues/club by State on personnel
- H. [Custom Fields](#)
Added to Tournaments and Events
- I. [Fees](#)
Option category added to Tournament and Event Fees
- J. [Events](#)
Configurations available for Mandatory Sessions
Users can now registered to additional sessions for the same event
- K. [Player Pass Printed Counter](#)
System no longer counts card when "User indicates that card did not print correctly"
